Spirit Driven Events, is not only a record of some of Scott's experiences, it is a "spirit driven event" in itself. With the help of spirit allies, Scott wrote this book to enlighten people how to become aware of their own spiritual abilities. The hope is for the readers to learn from Scott's spiritual journey and relate to some of these events in order to utilize their own innate gifts. Scott believes that every one possesses spiritual abilities. One only needs to learn how to recognize and use them for the good of others, as they are meant to be used. Now is the time for others to wake up to their spiritual potential.

This book is dedicated in loving memory to her late husband, Bob, who is in spirit and is still watching over, protecting, and guiding her---just as he promised he would.

The book is about 200 pages which includes over 50 pages of pictures where spirits were captured... including the spirit of Elvis!

#### **5 Star Review - Praise for Spirit Driven Events, April 3, 2013**

Spirit Driven Events brings home so many moving and deeply inspiring ways the reality of life after death and the ability of the dearly departed to continue to connect with us. As an RN and a spiritual healer myself, I was deeply inspired by Mary's God-given abilities to heal physically, emotionally, and spiritually...and ceaselessly. I especially enjoyed the format in which the book was written. Rather a listing of SDE's that have occurred in Mary's life. Enjoyable because it left out endless narrative and got to the 'good stuff'! If you want to open your mind, read this book and begin a journey of possibilities...

#### **5 Star Review - Excellent!, July 3, 2011**

I have the privilege of knowing Mary. I have seen and experienced some the things she has written about first hand. This is such a well-written, much needed book.

This book will open your eyes to what is real and what you are really all about. I encourage everyone to read it and give some of her methods a try. You will discover we are amazing and wonderful in ways you hither to could not imagine. This is not out of your grasp. Open your minds and hearts and allow the Spirit of God to flow through you.
