*Spirit Driven Events II* is the long-awaited sequel to *Spirit Driven Events—Fascinating and Enlightening True Stories*. This book contains new *Spirit Driven Events* as well as updates to some of the Events in the first book.

*Spirit Driven Events*, is not only a record of some of Scott's experiences, it is a "*Spirit Driven Event*" in itself. With the help of spirit allies, Scott wrote this book to enlighten people how to become aware of their own spiritual abilities. The hope is for the readers to learn from Scott's spiritual journey and relate to some of these events in order to utilize their own innate gifts.

Scott believes that every one possesses spiritual abilities. One only needs to learn how to recognize and use them for the good of others, as they are meant to be used. Now is the time for others to wake up to their spiritual potential.

While this book has been long-awaited (and she has been pushed by many to do so, including her spirit allies), She can honestly say she would not have written it if she had not captured the huge Angel with the face of Jesus (the front cover) and the important message which comes with it. The picture had such an effect on her that it gave her great hope, globally, and she had to name it *New Year 2015—Angel of Abundance*. This year is going to be very good and enlightening for many, and not so good for others. She hopes you the reader will WAKE UP and follow your inner-God senses, as she does on a daily basis. She looks forward to the second coming of Jesus and the Pleiadians---for this world is a mess and we need all the help we can get.

This book is dedicated in loving memory to her late husband, Bob, who is in spirit and is still watching over, protecting, and guiding her---just as he promised he would.

The book is 214 pages which includes 80 pictures where spirits were captured---including the spirit of Elvis and an Angel with the Face of Jesus!
